

Coyle Asset Management Company & Coyle Securities, L.L.C.
Business Continuity Plan Disclosure Statement
June 30, 2009

Coyle Asset Management Company and Coyle Securities, L.L.C. have developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Contacting Us

If after a significant business disruption you cannot contact us as you usually do at 847-441-5644 or camco@coyleasset.com, you should call our alternative numbers 847-476-5644 (main office - cell), 847-476-5645 (Ed Kelly - cell), 847-476-5646 (Kevin Coyle – cell), 847-204-5417 (Gary Klaben – cell) or go to our web site at <http://www.coyleasset.com/>. If you cannot access us through either of those means, you should contact our clearing firm, RBC Correspondent Services, a division of RBC Capital Markets Corporation, Member NYSE/FINRA/SIPC (“RBC CS”) at 612-607-8398 (Thom Wynn) 612-607-8998 (Paul Meehl) or <http://www.rbc.com/> for instructions on how it may provide prompt access to your funds and securities, enter orders and process other trade-related, cash, and security transfer transactions. Charles Schwab can be contacted at www.schwaballiance.com or 800-515-2157.

Our Business Continuity Plan

We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm’s books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption. Our business continuity plan addresses: data back up and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

Our clearing firm, RBC CS, backs up our important records in a geographically separate area. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, we have been advised by our clearing firm that its objective is to restore its own operations and be able to complete existing transactions and accept new transactions and payments within 24 hours. Your orders and requests for funds and securities could be delayed during this period.

Varying Disruptions

Significant business disruptions can vary in their scope, such as only our firm, a single building housing our firm, the business district where our firm is located, the city where we are located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our firm or a building housing our firm, we will transfer our operations to a local site when needed and expect to recover and resume business within 24 hours. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area, and recover and resume business within 24 hours. In either situation, we plan to continue in business, transfer operations to our clearing firm if necessary, and notify you through our web site www.coyleasset.com or our customer emergency number, 847-476-5644 how to contact us. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer's prompt access to their funds and securities.
